

# Form A - Suggest a site with development potential

## Guidance for Submitting a Site

- Landowners, developers and other interested parties are invited to submit any of the following types of development for consideration: housing, employment, retail, leisure, health, Suitable Alternative Natural Greenspace (SANG) and mixed-use schemes;
- Where submitting a site for housing development, please ensure that it could accommodate 5 or more dwellings before completing this form;
- Where submitting a site for economic development, the site should be a minimum size of 0.25 hectares (or 500 square metres net additional floorspace) or above;
- You must give your name and address for your comments to be considered;
- A separate form must be completed for each individual site;
- All submissions must be accompanied by a map at a scale of 1:1250 or 1:2500 showing precise boundaries of the site and the area suitable for development.

Sites located within the following designated areas are not considered to have potential for development and will be excluded from the Strategic Housing and Economic Land Availability Assessment (SHELAA) and Brownfield Land Register:

- Sites lying wholly within a Site of Special Scientific Interest (SSSI);
- Sites lying wholly within a European Nature Conservation Site (Special Areas of Conservation (SAC) and Special Protection Areas (SPA), including the Thames Basin Heaths SPA);
- Sites lying wholly within the 400m buffer zone of the SPA cannot be considered for C3 residential development. However, other uses will be considered on an individual basis, dependent on the nature of the use proposed and impacts upon the SPA;
- Sites lying wholly within Flood Zone 3b – functional flood plain;
- Sites lying wholly within the defined [Public Safety Zone for Farnborough Airport](#).

Please return both the completed Form A and accompanying site map as attachments in an email to [planningpolicy@rushmoor.gov.uk](mailto:planningpolicy@rushmoor.gov.uk).

Please refer to the Rushmoor Local Plan Policies Map to establish relevant planning policies and designations, including the Thames Basin Heaths Special Protection Area and its 400m buffer zone.

You can find the Policies Map at [www.rushmoor.gov.uk/localplanpoliciesmap](http://www.rushmoor.gov.uk/localplanpoliciesmap).

## 8. Possible Constraints

To the best of your knowledge, are there any specific constraints that may prevent or restrict the suitability, availability or achievability of development on the site? Please provide details where relevant.

### Suitability

Constraint	Please provide an explanation for all constraints identified below:
Access	Is there safe vehicular and pedestrian access to the site? Where is the site access located?
Physical constraints	Does the site have any physical constraints (e.g. topography, access, severe slope, vegetation cover etc.)?
Neighbouring uses	Is the site affected by 'bad neighbour' uses (e.g. power lines, railway lines, major highways, heavy industry, etc.)?
Flooding	Is the site subject to flooding / surface water issues?
Contamination / pollution	Is the site contaminated or potentially contaminated from a previous or nearby use?
Any other key constraints	Please provide details:

Does the site have access to the following utilities / infrastructure provision? Please indicate with a cross (x) where there is known access.

(x)	Type of Provision	(x)	Type of Provision
	Mains water supply		Mains sewerage
	Electrical supply		Gas supply
	Landline telephone		Broadband Internet
	Other (please specify)		

<b>Availability</b>	
<b>Constraint</b>	<b>Please provide an explanation for all constraints identified below:</b>
Legal or ownership issues	Are there any legal / ownership constraints on the site that might prohibit or delay development of the site (e.g. third party access rights, unresolved multiple ownerships or covenants)?
Land acquisition	Must land off-site be acquired to develop the site?
Relocation of uses	Are there any current uses which need to be relocated?
Ownership status	Is the site owned by a developer or is the owner willing to sell?

<b>Achievability</b>
Is there a realistic prospect that the site would come forward for the proposed use?
Are there any known significant abnormal development costs (e.g. contamination remediation, demolition, access etc.)?
Does the site require significant new infrastructure investment to be suitable for development?
Are there any issues that may influence the economic viability or timing of the development?

**9. Additional Information**
